

## Fabricator/Welder

Are you spinning your wheels at your current job? PWI is expanding rapidly and we need smart individuals like you to join the team. We design and build the backbone of manufacturing in northern Indiana and we need your help to take our products from coast to coast.

Why do we look forward to Mondays? We get Americans back to work and help them do it better than before. Our products help American manufacturing increase production while improving safety for their workforce.

We are looking for men! This job is tough and you're going to get dirty. But at the end of the day you're going to smile because hard work is fun.

### Responsibilities

- Fabricate and assemble structural metal products
- Read and interpret blueprints and sketches
- Interpret measurements
- Operate equipment, including but not limited to: drill press, iron worker, and shear
- Must be able to use torches and saws

### Qualifications

- Experience in steel welding
- Ability to read blueprints or follow technical specifications
- Ability to work with hands, lift heavy objects
- Ability to stand on your feet and complete repetitive motions.
- Basic mathematics skills.

### Bonus Qualifications

- 3 years of experience in steel welding
-

---

## Keys to Winning in This Role

- Attention to Detail: It's important to pay attention to the smallest detail to make sure things are done right the first time.
- Team Player: We all rely on each other to get the job done.
- Always Improving: We are always working on improving ourselves and our products so we can deliver the best in the industry.

## What to Expect at PWI
